X2-SIREN-002 DATASHEET

Overview

The X2-SIREN-002 Cyclops is an optical and acoustic warning device primarily used for door open too long (DOTL) alarms. The buzzer on the device can be customised to be either off or pulsing with adjustable volume, and the strobe can be set to continuous or flashing. By offering these custom features, the device is suitable for multiple applications. Due to the extra-large multidirectional lens cover which can be viewed from all angles, this device can be installed on either walls or ceilings which provide optimal flexibility.

Ordering Information

Part Number	Description
X2 -SIREN-002	X2 Cyclops Door Open Too Long (DOTL) Indicator with Buzzer and Red LED Strobe

Features:

- Buzzer: Pulsing or off
- Buzzer volume: Adjustable
- Strobe: Flashing or continuous
- Viewable Area: Extra-large 360 degree lens

Specifications:

Supply Voltage:	12 / 24V DC
Alarm Current:	15mA / 7.5mA
Standby Current:	10mA / 5mA
Protection:	polarity reversal via diodes
Working Temperature:	-10 to 50 degrees Celsius
Working humidity:	0 – 95%
Material:	Fire Resistant ABS
Colour:	White RAL 9003
Weight:	55g +/- 5g
Dimensions:	80mm (W) x 80mm (L) x 37mm (H)

Additional Information

Warranty

2 Years
