

X2 RACKS

4RU VERTICAL WALL MOUNT NVR CABINET & FAN KITS

Overview

The new X2 vertical wall mount NVR cabinet has been designed specifically to meet the demands of CCTV installations where there is not enough physical space for a traditional 19" rack mount cabinet but the environment requires a secure and locked enclosure to mount the NVR away from tampering or theft. The RACK-910 provides 4RU vertical space for mounting the NVR and 2RU horizontal space for mounting a patch panel. Allowances have been made for good ventilation and optional fans can be ordered for installations that may be required in hot environments.

PART NO:	DESCRIPTION:
X2-RACK-910	X2 RACKS, Medium 4RU vertical mount cabinet, 2RU horizontal Mount (600x230x600mm)
X2-RACK-901	X2 RACKS One Fan Kit for X2-RACK-910
