NVR PACK TO SUIT IP CCTV

OVERVIEW

These new NVR packs are a great addition to any brand of IP surveillance system offering all the items required to complete an IP CCTV system. This pack includes a 22" Mitsumaru monitor, a PowerShield PSH-PSD650 UPS providing backup power for Hikvision from 10-12 minutes and for a Hanwha system for 12-20 minutes. The kit also includes 1.5m HDMI cable and a 305m box of X2 CAT5E, 100% copper, Australian Standards compliant cable.
