

Integriti Software Licence Order Form

This form allows you to request Integriti Software licences and product keys, please be aware that you will still be required to download the software from the Inner Range website.

Please fill out all details on the form to ensure a prompt response from your local Wesco Anixter branch.

INTEGRITI SITE/PRODUCT KEY DETAILS

Site Name:

Existing Product Key (only applicable for existing sites):

Product Key Registration

Registration of new Product Key is required and must be completed online via Inner Range's Key Point Licences Management system and requires consultation with the end user.

Please provide the Email address to be used for the registration process:

Email:

After Wesco Anixter processes this order, you will receive an email from the Inner Range KeyPoint system containing a link to the online registration e-form. The information listed below will be required on the e-registration form and failure to complete this will STOP the registration process until all items have been correctly provided.

- End User name / Company or Organisation Name
- End User company registration number or business number – ABN/ACN or OC#
- Site Contact Name – (Must be the End Users)
- Full site address of the End User – (Location of the Integriti Server)
- End User Email Address & Telephone Number
